Prior Authorization Request

DARZALEX, DARZALEX SC (daratumumab)

Instructions

Please complete Part A and have your physician complete Part B. This form may not apply to your specific plan. Before completing the Prior Authorization form, check that this medication is on your plan's drug coverage list. Completion and submission is not a guarantee of approval. Any fees related to the completion of this form are the responsibility of the plan member. Drugs in the Prior Authorization Program may be eligible for reimbursement if the patient does not qualify for coverage under a primary plan or a government program. Drugs used for indications not approved by Health Canada may be denied. For Quebec plan members, RAMQ exception drug criteria may apply. The decision for approval versus denial is based on pre-defined clinical criteria, primarily based on Health Canada approved indication(s) and on supporting evidence-based clinical protocols. The plan member will be notified whether their request has been approved or denied. If you've already purchased the drug, please attach your original receipts along with a regular extended health care claim form.
