

## Prior Authorization Request

LYNPARZA (olaparib)

### Instructions

**Please complete Part A and have your physician complete Part B.** This form may not apply to your specific plan. Before completing the Prior Authorization form, check that this medication is on your plan's drug coverage list. Completion and submission is not a guarantee of approval. Any fees related to the completion of this form are the responsibility of the plan member. Drugs in the Prior Authorization Program may be eligible for reimbursement if the patient does not qualify for coverage under a primary plan or a government program. Drugs used for indications not approved by Health Canada may be denied. For Quebec plan members, RAMQ exception drug criteria may apply. The decision for approval versus denial is based on pre-defined clinical criteria, primarily based on Health Canada approved indication(s) and on supporting evidence-based clinical protocols. The plan member will be notified whether their request has been approved or denied. If you've already purchased the drug, please attach your original receipts along with a regular extended health care claim form.

### Authorization

The answers on this form are true. I allow Sun Life to collect, use and disclose my personal information for three reasons. These reasons are plan administration, underwriting coverage and assessing claims. Sun Life may share (meaning collect and disclose) information with healthcare providers, hospitals, clinics, pharmacies, government programs, patient assistance programs, and any other organization with relevant information about me. Sun Life may also share information with insurers or reinsurers, and agents and service providers of Sun Life and the above parties. Sun Life will share my information only when necessary. My consent applies while this plan is in effect.

I agree that a photocopy or electronic version of this authorization is as valid as the original.
